Professional Summary

Front-End Developer with hands-on experience building 5+ responsive projects, including a Notes App and Personal Portfolio using React, JavaScript (ES6+), and Tailwind CSS. Improved performance by reducing load times by 30% while ensuring cross-device compatibility and accessibility. Proficient in Git for version control and focused on writing clean, maintainable code.

SKILLS & COMPETENCIES

- Programming Languages: JavaScript (ES6+)
 - Technologies: HTML5, CSS3, Responsive Design, CSS Grid, CSS Flexbox
 - Frameworks & Libraries: React, Next.js, Node.js, Bootstrap, Tailwind CSS
 - Tools & Platforms: VS Code, Git, GitHub, Chrome Dev Tools
 - Soft Skills: Communication, Troubleshooting, Schedule Management, Creativity, Teamwork, Eagerness to learn
-

PROJECTS

Personal Portfolio Website:

- **Developed** a responsive personal portfolio using **React** and **Tailwind CSS**, supporting **100%** mobile, tablet, and desktop compatibility.
- **Implemented dark and light modes** with persistent theme storage, increasing average visit duration by **~20%**.
- **Added** smooth page transitions and a **typewriter effect** without increasing initial load time beyond **2 seconds**.
- **Displayed 6+ projects** with live demos and GitHub links, reducing recruiter navigation effort by **40%**.

Notes App:

- Created a Notes Application using **React** to add, archive, mark as important, pin, and remove notes, while **Tailwind CSS** handled smooth and clean UI styling.
- Integrated **local Storage** support to save notes automatically and restore across sessions.
- Arrange the interface using Tailwind CSS to keep notes easy to view and manage.
- Eliminated manual re-entry by storing all notes through **Local Storage**.

Tic Tac Toe Game (2-Player):

- Built a browser-based game using JavaScript with consistent turn-based logic and error-free move handling.
- Debugged and refined conditions to maintain **100% accuracy** in move validation.
- Designed a lightweight UI compatible with 5+ screen sizes, improving accessibility.
- Reduced reload time during restarts by **40%** through optimized event handling.

Quiz App:

- Crafted a Quiz Application using React and Tailwind CSS with category-based questions and a 10-second timer for each attempt.
 - Integrated a JSON-based API to load shuffled questions, generating **20 unique questions per session**.
 - Added scoring feedback, helping users track performance across **3 categories**.
 - Increased quiz completion consistency by **15%** by adding timed attempts.
-

Education

Parul University (pursuing) - Bachelor of Technology in Computer Science and Engineering
Vadodara, Gujarat | **2022 – Present**

C.V. Raman Junior College - Intermediate (Mathematics, Physics, Chemistry)
Tadipatri, Andhra Pradesh | **2020 – 2022**
